\*Important Notes\* Our basic and full boiler services are based upon a maximum hourly time spent on site as indicated for a typical standard boiler and assuming your existing boiler is in safe and suitable condition to be serviced, additional costs may apply if further inspections/replacement parts are required.

## Important Notes -

The above rates do not allow for parking, congestion charge and/or materials if required.

The above rates are subject to VAT @ 20%.

The above rates are based upon geographical location within 10 miles of the Head Office in Walton-on-Thames, Surrey. Additional charges may apply, please confirm prior to booking your engineer.

Fixed Price estimates are available via a site survey through one of our electrical or mechanical engineers and via our bookings team – Please use the book and engineer form through our website.

Payment is due upon day of satisfactory completion of works.

All electrical and/or Gas certification will only be issued upon receipt of full/final payment.
